LinkedIn: olivia-elliott-4a74a6128 | GitHub: olivelliott | Portfolio: olivelliott.github.io/react-portfolio/

Full Stack Web Developer with a background in Cultural Anthropology and life-long dedication and desire for learning. Effective at combining creativity and problem solving to develop user-friendly applications. Known for high communication skills, attention to detail, a quick mind, flexibility with changing schemas, and an ability to think outside of the box to find solutions to problems.
A hard worker that commits to a job with the desire to see the company prosper.

Technical Skills

Frontend: HTML5, CSS, JQuery, Javascript, Bootstrap, Chakra-UI
Backend: MySQL, MongoDB, Express, ReactJS, Node, Handlebars, Webpack, PWAs, REST APIs, Apollo
Paradigms: MVC, ORM, OOP

Projects

React Portfolio | react-portfolio | https://olivelliott.github.io/react-portfolio/   *Creator*

- A single page react application that showcases my most recent work and skills.
- Contains an about me section, a project tab with links to the github and deployed site, a contact form, and a resume page where you can download my resume as a PDF.
- Tools/Languages: Reactjs, Chakra UI, JS

Band Site | project-2-band-site | https://band-site-22.herokuapp.com/   *Front & Back End Collaborator*

- A website that features a local band to allow fans to connect with one another and sign up for exclusive content.
- A collaborative group project structured around Agile methodologies. Refined my skills in building RESTful APIs and connecting it with front-end logic.
- Tools/Languages: Node, Sequelize, GreenSock, JS

Ez-Stream | ez-stream | https://mlmcgeenc.github.io/group-2-project-one/   *Front & Back End Collaborator*

- An application that showcases available streaming services for a tv show or movie that the user searches for.
- Allowed me to work in a collaborative group environment structured around an Agile work environment. Created back end functionality and assisted in front end styling components.
- Tools/Languages: JS, Server Side API, REST, Bootstrap
-

Work Experience

The Care Collective   February 2021 - Present
Wellness Manager   Boone, NC
- Oversee all front end and back end aspects to the business, including but not limited to: wholesale operations, scheduling, inventory, managing a team of four employees, one-on-one meetings, sales, marketing
- Began as an employee and quickly moved up to be a main contributor and manager of the wellness space
- The work has allowed me to sharpen my skills in multitasking, management, communication skills, client relations

Be Natural Market   2020-2021
Wellness Consultant   Boone, NC
- Worked in the wellness sector in retailing products to over 50 customers a day. Accounted inventory and was a key holder.

Education

Appalachian State University   Bachelors of Science | 2019
Major in Cultural Anthropology (:Social Practice & Sustainability)
Minor in Spanish
Minor in Sustainable Development
Senior Honors Award for Applied Anthropology

UNC Chapel Hill Full Stack Development Bootcamp   September | 2022
Full Stack Web Development Certificate

Internship   August 2018-January 2019

- Traveled and lived in Guatemala conducting a four to six month long internship with A Thread Of Hope.
- A Thread of Hope is an all indigenous women's led cooperative that sustainably and ethically creates clothing products through traditional weaving methods.
- The work included a myriad of elements but included quality checking finished products, setting up and taking down stalls for expositions, and completing small tasks to aid in overall management of the work
